JOSHUA GOSHEN CAPTURES FIRST PODIUM FINISH AT FIREBIRD

Placentia, CA- The fourth race of the season in the ASA Speed Truck Challenge Series was held at Firebird International Raceway in Phoenix, Arizona. It was an action packed one day event with two practices in the morning, qualifying at noon and the main event starting at 2:00 P.M.

Joshua Goshen would be behind the wheel of his Baker Commodities, Otto Environmental Systems, North America, Inc. Gatorz Eyewear, Quality First Concrete, #04 Chevy Colorado truck. In the first practice, he was able to record the 6th fastest lap. The young rookie made a statement in the second practice that he would be a factor in the race by recording the 4th fastest lap. In the noon qualifying session, Joshua continued his strong performance by recording the 4th fastest lap, his best qualifying position so far in the series.

The main event went off on schedule with 18 trucks lined up two to a row behind the pace car for the 45 minute race. It was supposed to be two laps around the track before the start, but an early green caught Goshen by surprise moving him back to 6th. The officials called for a restart and this time the outside row didn't go and Josh came out even further back. Within two laps he had worked his way back up to 4th and on lap 3 the two trucks in front of him spun. Josh was able to avoid the accident, but not without some damage to the radiator causing the truck to run hot. Goshen was able to keep the truck going and took the checkered flag for 2nd place; his best finish of the year.

At the end of the race Goshen said "I have to thank my crew for giving me a good setup on the truck. I couldn't believe it held up for the whole race with it overheating. I was happy to get my first podium." The strong finish puts Joshua Goshen tied for 1st for "Rookie of the Year" and in 6th place for the Championship.
